General

- 18.1 (a) An applicant issuer seeking a dual listing on the JSE may decide (subject to being classified in terms of the Listings Requirements as a primary or secondary listing) where it intends to have its primary or secondary listing or listings.
- (b) Where appropriate, an applicant must be registered as an external company in terms of Section 23 of the Act before making application for a listing on the JSE. An applicant issuer must obtain a legal opinion as to whether it is required to register as an external company. A copy of this legal opinion must be furnished to the JSE on application for listing.

Primary listings

- 18.2 An applicant issuer seeking a primary listing on the JSE must comply in full with all the Listings Requirements.

Secondary listings

Conditions for listing

- 18.3 An applicant issuer seeking a secondary listing on the JSE must:
- (a) comply with the conditions for listing as set out in Section 4 or Section 21, unless otherwise stated in the Listings Requirements or agreed to by the JSE (full details must be disclosed in the pre-listing statement). The conditions for listing in Section 4 must be read with regard being had to the jurisdiction in which the applicant issuer is incorporated;
- (b) confirm that it has a primary listing on an approved exchange;
- (c) confirm that the primary listing referred to in paragraph 18.3(b) above is at least on an equivalent board/exchange to that for which application is being made on the JSE. The JSE will therefore not grant a secondary listing on the JSE Main Board for an applicant issuer that has a primary

listing on a junior/secondary market of an exchange; and

- (d) not have traded in its securities on the JSE in respect of which a secondary listing is sought of more than 50% of both the total volume and value traded in those securities on all markets in which it is listed over 12 months.

- 18.4 Secondary listing status means that once an applicant issuer is listed, it will only be required to comply with the Listings Requirements of the exchange where it has its primary listing, save as otherwise specifically stated in the Listings Requirements.
- 18.5 The applicant issuer must upon application to the JSE confirm that it is in full compliance with all the requirements of the exchange/competent authority on which it has its primary listing. The JSE may request that this confirmation be supported by a letter from the relevant exchange/ competent authority.
- 18.6 The JSE will not grant a listing or list securities which are not listed in the country of incorporation unless the applicant issuer can demonstrate that the absence of such a listing is not due to any negative or problematic circumstances, events or regulatory issues.
- 18.7 In the event that the applicant issuer is not incorporated in the country of an approved exchange, the applicant issuer must discuss the proposed secondary listing on the JSE at an early stage in order for the JSE to familiarise itself with the laws of incorporation/company law of the applicant issuer. The JSE may elect to require additional and prominent disclosure regarding the laws of incorporation/company law applicable to the applicant issuer.
- 18.8 Compliance with paragraph 21.3(a) is not required, provided that the applicant issuer appoints and maintains a sponsor in accordance with Section 2.
- 18.9 Compliance with paragraph 21.3(d) and (g) is not required.
- 18.10 An applicant issuer must either:
 - (a) have the required spread in accordance with paragraph 4.28(e) (in the case of a Main Board listing) or 21.3(c) (in the case of an ALT^x listing) on the South African share register; or
 - (b) make arrangements, to the satisfaction of the JSE's clearing and settlement division, to ensure that sufficient scrip is available on the South African share register.
- 18.11 An applicant issuer must appoint and maintain a sponsor.

Pre-listing statements

- 18.12 An applicant issuer must produce a pre-listing statement in compliance with the relevant Listings Requirements save as otherwise specifically stated in the Listings Requirements. Where the disclosure requirements of Section 7 relate to continuing obligations, the JSE may allow the applicant issuer to address this in the context of the requirements of the exchange where it has its primary listing. The procedure for approval as contained in Section 16 will be applicable.
 - 18.13 The applicant issuer must disclose in the pre-listing statement headline earnings per share and diluted headline earnings per share together with an itemised reconciliation between headline earnings and the earnings used in the calculation.
 - 18.14 The JSE will, for purposes of the pre-listing statement, accept financial
-

information prepared in accordance with the following accounting frameworks:

- (a) IFRS;
- (b) IFRS as adopted by the European Union;
- (c) United Kingdom GAAP;
- (d) United States GAAP;
- (e) Australian GAAP; and
- (f) Canadian GAAP.

18.15 For purposes of the pre-listing statement, the JSE may accept extracts of financial information which have been prepared in accordance with paragraph 18.14 provided that:

- (a) the information was published subsequent to the applicant issuer being granted a listing on the exchange where it has its primary listing and in accordance with that exchange's Listings Requirements;
- (b) the extracts are in compliance with IAS 34; and
- (c) the pre-listing statement contains full details of the applicant issuer's accounting policies.

18.16 Notwithstanding paragraphs 18.14 and 18.15 above, the applicant issuer must, via its sponsor, obtain a formal ruling from the JSE on the exact presentation of the financial information in the pre-listing statement.

18.17 For purposes of the pre-listing statement, the JSE will accept a competent person's report (as required by Section 12) which has been prepared within the 12 months prior to listing on the JSE, provided that it has been prepared in accordance with SAMREC, Joint Ore Reserves Committee Code or National Instrument 43-101 and that there have either been no changes since that date or that any changes are reported on by the competent person. Applicant issuers who do not comply with the aforementioned must produce a new competent person's report in compliance with one of the aforementioned reporting codes and this report must be approved by the JSE's Readers Panel.

18.18 Applicant issuers must obtain a legal opinion as to whether it is required to register as an external company. This opinion must be submitted to the JSE.

18.19 The JSE may allow applicant issuers to modify the relevant Part I and II documents required in Section 16 where full compliance would be in conflict with the requirements of this section or the exchange where it has its primary listing.

Pre-listing statements

18.20 The applicant issuer must disclose on the pre-listing statement the following differences between the applicable provisions of the Listings Requirements and the regulatory/legislative framework of the exchange where it has its primary listing:

- (a) pre-emptive rights, ranking of securities in the same class, and expropriation rights in respect of securities;

- (h) disclosure of changes in beneficial ownership of securities;
- (i) regulation in respect of director's interests in transactions;
- (j) regulation in respect of transactions (acquisitions and disposals) and related party transactions;
- (k) mandatory corporate governance provisions and the corporate governance code applied;
- (l) the pro-active monitoring process (if any) dealing with the review of financial statements of the issuer by the listing authority or any other relevant regulatory body. Further, confirmation will be required whether the applicant issuer has been subject to such review or not;
- (m) takeover laws applicable to the issuer; and
- (n) special disclosure requirements dealing with mining companies, such as the preparation of special reports dealing with reserves, life of mine and valuation of mining activities.

It should be noted that additional disclosure may be required where matters not covered in above are significant to providing an understanding of the differences between the regulatory and legislative frameworks applicable to an applicant issuer.

Continuing obligations

- 18.21 The JSE will allow the requirements of the primary exchange to take precedence in relation to applicant issuers with a secondary listing on the JSE, with the following exceptions:
- (a) the annual financial statements and any other communication with shareholders must state where the primary and secondary listings of the applicant issuer's securities are;
 - (b) when an applicant issuer wishes to release any information on another exchange, it must ensure that such information is also released on SENS and that such release takes place no later than the equivalent release on any other exchange provided that, if the JSE is not open for business, it must ensure that such information is released through SENS at the commencement of business on the next business day. The announcement must be submitted via the applicant issuer's sponsor, albeit that the announcement does not require the approval of the sponsor;
 - (c) it must publish, in its interim and year-end results, headline earnings per share and diluted headline earnings per share together with an itemised reconciliation between headline earnings and the earnings used in the calculation;
 - (d) its interim and year-end results must be prepared and published in compliance with the acceptable accounting frameworks of the exchange where it has its primary listing;
 - (e) where there are any notifications dealing with (i) changes of beneficial ownership in the issuer or (ii) dealings in securities in the issuer by directors and those closely related to the directors as may be prescribed by local legislation, the listings requirements of the exchange where it has its primary listing or otherwise, such changes and dealings must be announced within 48 hours after receipt of such notice or such notice
-

being made available, through SENS; and

- (f) issuers must advise, and obtain approval from, the JSE with regard to the timetables for corporate actions stipulated in the relevant corporate action timetable. Issuers must ensure that the JSE is notified in advance in order to ensure that the JSE can accommodate the processing of these corporate actions for shareholders on the South African share register.

- 18.22 In respect of an applicant issuer with a primary listing on an exchange not approved by the JSE, the applicant issuer must submit to the JSE, together with the applicant issuer's annual financial statements pursuant to paragraphs 3.19 and 3.21(a) or by no later than four months from the financial year-end of the applicant issuer, details of the volume and value of securities traded (over the previous 24 months), on all exchanges where it has a listing, in order for the JSE to consider the applicant issuer's continued secondary listing status.
- 18.23 In respect of an applicant issuer with a primary listing on an exchange not approved by the JSE, if both the volume and value of securities traded on the JSE exceeded 50% of the total volume and total value of those securities (over the previous 24 months) traded on all exchanges where the applicant issuer has a listing, then the applicant issuer's listing status on the JSE in respect of those securities may be converted to a primary listing. The converse would apply when both the volume and value of securities traded on the JSE was 50% or below.
- 18.24 The applicant issuer must advise the JSE in writing each time that its listing status changes and must also inform its shareholders by releasing an announcement over SENS.

Dual listings

- 18.25 A company with a dual listing must immediately notify the JSE, in writing, of any suspension or removal of listing on any other exchange on which it has securities listed.
- 18.26 An applicant issuer may only move its primary listing from the JSE to another exchange and maintain a secondary listing on the JSE provided the following has been complied with:
 - (a) the other exchange must be an approved exchange; and
 - (b) It must comply fully with the relevant provisions of this section and obtain the approval of its shareholders. A 50% + 1 majority of the votes of all shareholders present or represented by proxy at the general meeting, excluding any controlling shareholder, its associates and any party acting in concert, must be cast in favour of such a resolution. The resolution must be accompanied by a comparison explaining to shareholders the key regulatory and disclosure differences applied by the JSE and the new primary exchange.

A secondary listing onto another exchange only requires the approval of the issuer's directors.

- 18.27 If an applicant issuer has applied and been granted permission for its JSE-listed securities to be listed on another exchange, it is required to ensure that the securities will be accepted for transfer, without delay, if presented in any of the centres in which the securities are listed.

External companies

- 18.28 An external company with a listing on the JSE must appoint and maintain, whilst it remains listed on the JSE, a person authorised to accept service of due process and notices on its behalf in the Republic of South Africa and must notify the JSE of such appointment (or termination, providing that, in the event of termination, another person must immediately be appointed and their details provided in accordance with this paragraph), including:
- (a) the name of the person appointed ("person") and the person's address for services of due process and notices;
 - (b) if different, the person's business and residential address;
 - (c) the person's business and residential telephone number;
 - (d) the person's e-mail address; and
 - (e) any change in the above particulars.

Dual listed companies structure

- 18.29 A Dual Listed Companies ("DLC") structure applies to an aggregated group, with combined businesses, accounted for under two separately listed companies, one housing the South African ("SA") based businesses ("the SA listed company"), with its primary listing on the JSE, and the second company housing the offshore business entities ("the overseas listed company") with its primary listing on the LSE or on another exchange acceptable to the JSE. If the primary listing of the overseas listed company is not on the JSE, then it must have a secondary listing on the JSE. The SA listed company and the overseas listed company together comprise the DLC structure.
- 18.30 All the conditions for listing, set out in Section 4 of the Listings Requirements, must be complied with in respect of each company comprising the DLC structure to be listed on the JSE.
- 18.31 The proportion of the combined business that each company comprising the DLC structure represents, should be discussed with the JSE well in advance of implementing the DLC structure in order to obtain the necessary in principle consents and/or rulings.
- 18.32 The companies in the DLC structure must be able to demonstrate that they participate in the control of the combined business. This must be evidenced through a formal agreement and/or veto rights, and/or such other mechanisms acceptable to the JSE.
- 18.33 Every company comprising the DLC structure will be required to comply with all continuing obligations provided that, in the event of a conflict in the requirements of the relevant exchanges, the most stringent requirements must be complied with. This includes the Code of Corporate Practices and Conduct, which will apply to directors of any board or committee and relevant employees of the DLC structure, as well as the directors of every company comprising the DLC structure. Companies are encouraged, at an early stage, to discuss with the JSE how compliance with continuing obligations will be achieved.
- 18.34 The related party transaction provisions set out in Section 10 of the Listings Requirements will apply to the companies comprising the DLC structure but not in respect of transactions necessary to constitute the DLC structure or transactions between the companies comprising the DLC structure and/or their respective groups.
- 18.35 Variations to any agreement governing the relationship between the companies comprising the DLC structure will be considered to fall within Section 10 of the Listings Requirements.
- 18.36 Transactions undertaken by the companies comprising the DLC structure will be subject to the transaction requirements set out in Section 9. The
-

categorisation tests will be calculated by comparing the whole of the target with the whole of the DLC structure.

- 18.37 Controlling shareholder provisions will apply to any controlling shareholder of either company comprising the DLC structure.
- 18.38 Common accounting policies should be used for the companies comprising the DLC structure.
- 18.39 Aggregated annual financial statements must be published in accordance with IFRS for the merged DLC structure. In the event that the annual financial statements published for the merged DLC structure are not in accordance with IFRS, a comprehensive reconciliation to IFRS must be published and presented in Rands. Annual financial Statements for the companies comprising the DLC structure may be published as supplementary information to the aggregated accounts of the DLC structure.
- 18.40 Interim financial information, on an equivalent basis to paragraph 18.39, on the merged DLC structure, and for the separate companies, respectively, must be published.
- 18.41 Where an announcement is required, it must be released in accordance with the relevant exchange's requirements and simultaneously on both the JSE and the overseas listed company's exchange(s).
- 18.42 With respect to any calculations/categorisations/measurements in terms of the Listings Requirements applicable to either company comprising the DLC structure, the DLC will be regarded as one combined entity.
- 18.43 Where there is a conflict between the requirements of the relevant exchanges, the most stringent requirements must be complied with.

Fast-track Listing Process

- 18.44 In these Listings Requirements pertaining to the fast-track listing process, unless the contrary intention appears, the following terms shall have the meanings assigned to them below:

"accredited exchange" means an exchange accredited by the JSE for purposes of the fast-track listing process, such exchanges being the:

- (a) Australian Securities Exchange;
- (b) London Stock Exchange,
- (c) NYSE and NYSE Euronext; and
- (d) Toronto Stock Exchange,

or such other exchange acceptable to the JSE, in its discretion;

"accredited applicant" means an issuer which had its securities primary listed and traded on an accredited exchange and equivalent board of the JSE for at least 18 months prior to applying to have its securities admitted on the Main Board or AltX, as the case may be, and which seeks to take advantage of its status in applying for a secondary listing of its securities on the JSE.

Conditions of Listing

- 18.45 The accredited applicant must comply with Section 18, save for paragraphs 18.12–18.19. An accredited applicant may make application for a secondary listing on the Main Board or AltX by publishing a pre-listing announcement. In the event that capital will be raised in conjunction with the fast-track listing process, the JSE must be consulted and the accredited applicant must confirm that such capital raising will comply with the requirements of the accredited
-

exchange.

- (a) An accredited applicant must submit to the JSE, via its sponsor:
- (i) the signed application for listing pursuant to Schedule 18;
 - (ii) in respect of a listing application on AltX:
 - a. the latest audited financial statements prepared within the accounting frameworks of paragraph 18.14 (if more than nine months have elapsed since the last financial year-end, interim results must be submitted);
 - (iii) in respect of a listing application on the Main Board:
 - a. the latest audited financial statements prepared within the accounting frameworks of paragraph 18.14 for the preceding three years (if more than nine months have elapsed since the last financial year-end, interim results must be submitted);
- (b) The submission process pursuant to paragraph 16.3 will apply.

Pre-Listing Announcement

18.46 The accredited applicant must publish a pre-listing announcement with the information specified in the Appendix to Section 18, on SENS five business days before the date of listing. If there are any changes to such information prior to the date of listing, the applicant must inform the JSE immediately by supplying details of such changes. Where, in the opinion of the JSE, such changes result in the information being significantly different from that provided in the pre-listing announcement, the JSE may delay the listing. In the event that the listing is delayed by the JSE, the Issuer must immediately release an announcement on SENS.
