Introduction

The definitions contained in the “Definitions and Interpretation” section of these DSS Requirements applies to this Introduction.

Objectives

It is an integral function of the JSE to provide facilities for the listing of securities (including securities issued by companies, domestic or foreign), to provide the JSE’s users with an orderly marketplace for trading in such securities and to regulate the market accordingly.

The DSS Requirements set out in this document apply to applicant issuers of DS securities and where applicable, to directors, prescribed officers, debt sponsors and designated persons. The DSS Requirements contain the rules and procedures governing new applications and continuing obligations applicable to issuers of DS securities. They are furthermore aimed at ensuring that the business of the JSE is carried on with due regard to the public interest.

Principles underlying this document

It is the function of the JSE under the FMA to provide for the listing, trading, clearing and settlement of DS securities in a transparent, efficient and orderly marketplace.

The DSS Requirements reflect, inter alia, the rules and procedures governing new applications and the ongoing obligations of applicant issuers, and are aimed at providing investor confidence via an orderly, secure, efficient and transparent financial market.

The JSE believes it is important for the exchange to be in a position to facilitate offerings and listings by continually enhancing its requirements to ensure a high level of investor protection and confidence.

The DSS Requirements provide for the minimum disclosure which investors and their professional advisers would reasonably require for the purpose of making an informed assessment of the nature and state of an applicant issuer’s business, and terms of the DS securities.

Documentation is central to any issuance of DS securities. The placing document consists of sections setting out all, or certain, of the terms and conditions of the DS securities and sections dealing with the issue of, subscription for and sale of the DS securities. The terms and conditions of the DS securities provide for the rights of the investor, the obligations of the applicant issuer, the terms of any security or guarantee, the mechanics of payment and settlement and any credit enhancements or trust deeds, credit ratings, etc.

The JSE encourages applicant issuers making application for the listing of DS securities to discuss, on a confidential basis, the DSS Requirements to ascertain whether the DS securities are eligible for listing and what additional requirements, if any, must be complied with.

Where applicant issuers are incorporated in terms of specific enabling legislation, which may have imposed limitations on disclosure, this fact must be disclosed in the placing documents.

All information submitted to the JSE must be delivered timeously pursuant to the provisions of the DSS Requirements and must not be misleading, deceptive or omit any material information.

Competent authority

The JSE is the holder of an exchange licence in terms of the provisions of the FMA. A company wishing to have its securities dealt on the JSE must apply for a listing and must be in compliance with the requirements of the JSE before being granted such listing. The Board of the JSE is the competent authority responsible for:

- the list of the securities which may trade on the JSE;
- applications by applicant issuers for the listing of securities on the JSE; and
- the annual revision of the List.

The Board of the JSE has delegated its authority in relation to the DSS Requirements to the Director: Issuer Regulation (or his/her deputy). When a listings matter is considered by the JSE, representatives of the applicant issuer may accompany the relevant sponsor, any of whom may, subject to the JSE's consent, address the meeting.

 - (a) to grant, defer, refuse, suspend or remove a listing of DS securities or the registration of a programme memorandum or, in the case of a foreign applicant issuer, the JSE supplement in accordance with the DSS Requirements;

- 1.2 Listings are granted subject to compliance with the DSS Requirements and applicant issuers, their directors, officers, employees and agents must comply with the DSS Requirements. In addition, the JSE may, in consultation with the Registrar, grant a listing subject to any additional condition(s) that it considers appropriate, in which event the new applicant will be informed of, and will be required to comply with, any such condition(s).
- 1.3 Nothing contained in this section shall limit the powers of the JSE or its officers to those contained herein, and the JSE or its officers may at any time exercise any further powers granted to the JSE or its officers in terms of the FMA.
- 1.4 If an applicant issuer, director, officer, employee or agent of the applicant issuer, in respect of whom a decision (other than a decision in respect of which a specific

appeal or review procedure is prescribed in the DSS Requirements, the Rules of the JSE and the FMA, or any replacement legislation) is taken under the DSS Requirements objects to such decision, such applicant issuer, director, officer, employee or agent must notify the JSE in writing within two business days of the decision, giving reasons for such objection. In such event, the JSE shall consider the objection and shall be entitled, in its sole discretion, to consult with not less than three independent members of the Debt Advisory Committee. Taking into account the views of those independent members, the JSE shall be entitled to reconsider and change its decision. A decision of the JSE made after following the above procedure will be final.

- 1.5 Subject to the provisions of the FMA, if the JSE decides, at its instance, to remove a listing, and the applicant issuer concerned objects to this decision, then the applicant issuer may appeal to the Issuer Regulation Appeal Committee in writing within two business days of the decision, giving reasons for such objection.

The general principles

- 1.6 It is impracticable and undesirable for the JSE's requirements and procedures to attempt to govern all circumstances that may arise in commercial practice. Accordingly, the DSS Requirements fall into two categories as follows:
 - (a) general principles (the "General Principles") which are set out below and which must be observed in all corporate actions and also in all submissions pertaining to (i) the placing document and (ii) DS securities listed and to be listed; and
 - (b) the main body of the DSS Requirements (the "main body") which consists of the sections and schedules. The main body is derived from the application and interpretation of the General Principles by the JSE.
- 1.7 The spirit of the General Principles and the main body may be applied by the JSE in areas or circumstances not expressly covered in the DSS Requirements. The JSE has discretion to modify the application of a requirement contained in the main body when the JSE considers that the strict application of the requirement would conflict with the General Principles. Accordingly, users of the DSS Requirements must at all times observe the spirit as well as the precise wording of the General Principles and main body. If there is any doubt as to the interpretation or application of the DSS Requirements, users must consult the JSE.
- 1.8 The General Principles are as follows:
 - (a) to ensure the existence of a market for the raising of primary capital, an efficient mechanism for the trading of DS securities in the secondary market, and to protect investors;
 - (b) to ensure that DS securities will be admitted to the List only if the JSE is satisfied that it is appropriate for those DS securities to be listed;
 - (c) to ensure that full, equal and timeous public disclosure is made to all holders of DS securities and the general public at large regarding the activities of an applicant issuer that are price sensitive;
 - (d) to ensure that holders of DS securities are given full information and are afforded adequate opportunity to consider in advance, make submissions and vote upon any matter affecting the rights of holders of DS securities;
 - (e) to ensure that all parties involved in the dissemination of information into the market place, whether directly to holders of DS securities or to the public, observe the highest standards of care in doing so;

- (f) to ensure that all holders of the same class of DS securities of an applicant issuer are afforded fair and equal treatment in respect of their DS securities; and
- (g) to ensure that the DSS Requirements, and in particular the continuing obligations, promote investor confidence in standards of disclosure and corporate governance in the conduct of applicant issuers' affairs and in the market as a whole.

Suspension initiated by the JSE

- 1.9 The JSE may, subject to the suspension provisions of the FMA and paragraph 1.10 below, and if either of the following applies:
- (a) if it will further one or more of the objects contained in Section 2 of the FMA, which may also include, if it is in the public interest to do so; or
 - (b) if the applicant issuer has failed to comply with the DSS Requirements and it is in the public interest to do so, suspend the listing of DS securities.
- 1.10 When the listing of DS securities of an applicant issuer is under threat of suspension, the affected applicant issuer shall be given the opportunity to make written representations to the JSE why the suspension should not be affected prior to the JSE making any decision to suspend such listing or registration.
- 1.11 If the listing of a DS security is suspended and the affected applicant issuer fails to take adequate action to enable the JSE to reinstate such listing within a reasonable period of time, the JSE may remove the listing in accordance with the procedure set out in this Section 1.
- 1.12 If the applicant issuer:
- (a) has ordinary shares listed on the JSE and the listing of such ordinary shares is suspended by the JSE;

- the listing of the applicant issuer's DS securities on the JSE may be suspended. The applicant issuer is required to inform the JSE within one business day of the occurrence described in 1.12(b) and (c).

 - (b) trading in any of the reference entity's securities is suspended by any other exchange on which the reference entity has securities listed;

 - (d) where the Commission issues a notice to an applicant issuer in terms of Sections 22 (reckless trading) and/or 23(6) (external company registration) of the Companies Act. The applicant issuer must immediately inform the JSE of any such notice issued to the applicant issuer by the Commission; and/or

Part A: General

Introduction

- 3.1 Registration of a programme memorandum or, in the case of a foreign applicant issuer, the JSE supplement and/or listings of DS securities are granted subject to compliance with the DSS Requirements.
- 3.2 The placing document must make all the necessary disclosure in terms of Section 4.
- 3.3 All documents submitted, distributed and/or published pursuant to the provision of the DSS Requirements must be in English.
- 3.4 An applicant issuer must appoint, as its agent, a sponsor, debt sponsor or designated person, as the case may be. All applications for the listing of DS securities or the registration of a programme memorandum or, in the case of a foreign applicant issuer, the JSE supplement are to be submitted to the JSE through a sponsor, debt sponsor or designated person.
- 3.5 Where unusual features exist regarding a listing or registration, the JSE must be consulted by the sponsor, debt sponsor or designated person to discuss such features at the earliest possible date and to discuss any rulings required from the JSE at that time.

- 3.6 All applicant issuers must, with respect to the dematerialised environment, be approved by the CSD and comply with the rules of the CSD.
- 3.7 An applicant issuer must ensure that all holders of the same series/class of its securities receive fair and equal treatment.
- 3.8 An applicant issuer shall not issue any securities with voting rights differing from other securities of the same series/class.

Applicant to be duly incorporated

- 3.9 The applicant issuer must be duly incorporated, or otherwise validly established under the law of the country of incorporation or establishment, and must be operating in conformity with its memorandum of incorporation or other constitutive documents, as the case may be, and all laws of its country of incorporation or establishment.
- 3.10 New applicants seeking the registration of a programme memorandum or, in the case of a foreign applicant issuer, the JSE supplement must contractually undertake to the JSE, by completing Schedule 1, that from the date of registration of the programme memorandum or, in the case of a foreign applicant issuer, the JSE supplement, the applicant issuer will comply fully with all the DSS Requirements of the JSE, irrespective of the jurisdiction in which the applicant issuer is incorporated or established.

Status of DS securities

- 3.11 DS securities for which a listing is sought must be issued in conformity with the law of the applicant issuer's country of incorporation or establishment and in conformity with the applicant issuer's memorandum of incorporation (if applicable) or other constitutive documents as the case may be, and all authorisations needed for their creation and issue under such law must have been duly given. The JSE must be consulted for a ruling if it is not possible to comply with the DSS Requirements as a result of conflict between the DSS Requirements and the relevant legislation in the applicant issuer's country of incorporation or establishment.

Transferability of securities

- 3.12 The DS securities for which listing is sought must be freely transferrable and fully paid up (i.e. the DS security cannot be partially paid for) according to the terms and conditions of the DS security, unless otherwise required by law. Zero-coupon DS securities are not considered partly paid securities in terms of this requirement.

Exchange control approval

- 3.13 Where approval for a listing of DS securities or the registration of a programme memorandum or, in the case of a foreign applicant issuer, the JSE supplement is required from the Financial Surveillance Department of the South African Reserve Bank, the JSE will not grant the listing of the DS securities or the registration of the programme memorandum or, in the case of a foreign applicant issuer, the JSE supplement until such written approval is obtained.
- 3.14 The following should be considered in terms of exchange control:

Exchange control policy allows interest to be paid up to the prime overdraft rate (predominant rate) plus 3% per annum or as amended from time to time.

Part B: Debt securities

Over-allotment is a pre-cursor to a price stabilisation mechanism aimed at supporting and maintaining the price of newly listed debt securities or debt securities which are the subject of a substantial offer for a limited period after the listing. The main purpose is to establish an orderly market for securities in the immediate secondary market after an offer.

3.17 There is no obligation on the applicant issuer to stabilise the price, but if the applicant issuer intends to do price stabilisation, the applicant issuer's debt sponsor or designated person must contact the JSE for a ruling.

Part B: Debt securities

General obligation of disclosure

6.23 If the issuer of debt securities has its ordinary shares primary listed on the JSE, the issuer of debt securities will not have to comply with the following paragraphs:

- (a) 6.4 – 6.9 Financial statements;
- (b) 6.10 Restatement notification;
- (c) 6.15 -6.18 Notification of change in auditor;
- (e) 6.19(f) Reporting irregularities;
- (d) 6.30-6.34 Confidentiality
- (e) 6.42 – 6.44 Directors, company secretary and debt officer, except in respect of changes to the debt officer; and
- (f) 6.45 – 6.56 Directors dealings.

To the extent that the issuer of debt securities complies with the requirements as an equity issuer, the debt issuer code should be included in the SENS announcement.

6.24 Once the listing of a debt security is granted to the issuer, the issuer must:

- (a) ensure that, where there is price sensitive information relating, directly or indirectly, to the financial or trading position of the issuer or the issuer's debt securities:
 - (i) The issuer must without delay, unless the information is kept confidential for a limited period of time, release an announcement on SENS providing details of the price sensitive information; and
 - (ii) Immediately after an issuer knows of any price sensitive information and the necessary degree of confidentiality of such information cannot be maintained or if the issuer suspects that confidentiality has or may have been breached, the issuer must release an announcement on SENS providing details of the price sensitive information to enable investors of listed debt securities to make an informed investment decision. If the directors of the issuer consider that disclosure to the public of the afore-mentioned information will, or probably will, prejudice the issuer's legitimate interests, the JSE may grant a dispensation from this requirement to make such information public; and
- (b) ensure that, where the issuer has debt securities listed on another licensed or recognised exchange, all such announcements released through that licensed or recognised exchange, that will be relevant to holders of debt securities listed on the JSE, must also be published on SENS.

Covenants

6.25 Once the listing of a debt security is granted to the issuer, the issuer must ensure that, if there are financial covenant clauses stated in a placing document or pricing supplement, such covenant information must be tested as specified in the placing document or pricing supplement and the covenant level achieved must be released on SENS within 2 business days after testing.

- 6.26 Where the placing document or pricing supplement affords no timelines for the testing of covenants, the issuer must test the covenants and release an announcement on SENS of the covenant level achieved within two business days after the release of its annual financial statements or interim financial statements (if applicable).

Events of default

- 6.27 An issuer shall within one business day of the happening of an event of default in respect of a debt security, within the meaning of the relevant terms and conditions of such debt security, publish the details of such event on SENS and notify the JSE thereof.

Rating agencies and credit ratings

- 6.28 In the event of any amendment to the credit rating obtained by the issuer, debt securities or credit rating of the guarantor, then such amended rating together with the previous rating must be announced on SENS within one business days of the receipt by the issuer of the amendments to the credit rating and the JSE must also be informed.
- 6.29 Where a rating agency from which an issuer had obtained a credit rating has been removed, replaced or substituted, or if a new credit rating agency has been engaged, disclosure of the date on which such event occurred and the circumstances surrounding the change must be announced on SENS and notified to the JSE within two business days.

Confidentiality

- 6.30 Information that is required to be announced in terms of paragraph 6.24 or any other DSS Requirement, including price sensitive information, may not, subject to paragraphs 6.31 to 6.33, be released (even subject to a time embargo):
- (a) during JSE trading hours (as defined in Schedule 9 of the JSE Listings Requirements), until such time as such information has been published in accordance with paragraph 7 of Schedule 9 of the JSE Listings Requirements; or
 - (b) outside of JSE trading hours until such time as such information has been approved, if necessary (in accordance with paragraph 6 of Schedule 9 of the JSE Listings Requirements), and arrangements have been made for such information to be published before the opening of JSE trading hours on the next business day.
- 6.31 Issuers that deem it necessary to provide information, prior to releasing same on SENS must ensure that in doing so they do not commit an offence in terms of the FMA and in particular Section 78(4).

Section 78(4) of the FMA states the following:

- (a) An insider who knows that he or she has inside information and who discloses the inside information to another person commits an offence.
- (b) An insider is, despite paragraph (a), not guilty of the offence contemplated in that paragraph if such insider proves on a balance of probabilities that he or she disclosed the inside information because it was necessary to do so for the purpose of the proper performance of the functions of his or her employment, office or profession in circumstances unrelated to dealing in any security listed on a regulated market and that he or she at the same time disclosed that the information was inside information.

- 6.32 Issuers that elect to provide information in accordance with paragraph 6.31 and become aware that the necessary degree of confidentiality of such information cannot be maintained or if the issuer suspects that confidentiality has or may have been breached, the issuer must immediately:
- (a) inform the JSE; and
 - (b) ensure that such information is announced accordingly.
- 6.33 When an issuer intends to release any information as contemplated in paragraph 6.30 at any meeting or forum, arrangements must be made for the publication of such information to ensure that the announcement of such information at the meeting or forum is made simultaneously with the publication through SENS in accordance with Schedule 9 of the JSE Listings Requirements.
- 6.34 If any such information referred to in 6.33 is disclosed in an unplanned manner during the course of a meeting or forum, the issuer must immediately:
- (a) inform the JSE; and
 - (b) ensure that such information is announced accordingly.

General continuing obligations

- 6.35 A holder of a debt security is entitled to inspect, at no charge, the register of holders of debt securities for that class of debt securities held.
- 6.36 The documents in paragraph 4.23(a) must be made available for inspection as specified in paragraph 4.23(b), on the issuer's website and/or through a secure electronic manner at the election of the person requesting inspection, for as long as the placing document remains registered with the JSE.
- 6.37 An issuer must pay the listing and other fees, including its annual listing fee, as published on the JSE's website, www.jse.co.za, as soon as such payment becomes due. Failure to pay any fees due may result in the censure of the issuer in terms of Section 1.
- 6.38 (a) In the event of an issuer being placed, or making application to be placed, into liquidation, whether voluntary or compulsory, provisional or final, the issuer must immediately release an announcement on SENS and notify the JSE.
- (b) In the event that the board of directors of the issuer adopts a resolution to place the issuer under business rescue proceedings, or application is made to a court to place the issuer under business rescue proceedings, in terms of Chapter 6 of the Companies Act or the board of directors issues a notice in terms of Section 129(7) of the Companies Act, the issuer must immediately release an announcement on SENS and notify the JSE thereof. Furthermore, in the event that the business rescue proceedings are terminated and the issuer does not proceed with liquidation proceedings and wishes to:
- (i) delist, the issuer will remain subject to the delisting procedures set out in Section 1 of the DSS Requirements; or
 - (ii) remain listed, the issuer must consult the JSE in order to discuss the suitability of the issuer for continued listing on the JSE.
- If the issuer is not a company as defined in the Companies Act, this provision (b) applies equally to any similar proceedings.
- (c) Issuers must immediately notify the JSE of any application in terms of Section 163 of the Companies Act (oppressive and prejudicial conduct). If the issuer is not a company as defined in the Companies Act, this provision (c) applies equally to any similar proceedings.

Repurchase of debt securities

6.39 An issuer may not repurchase debt securities during any period where the issuer is in possession of unpublished price sensitive information pursuant to the provisions of the FMA, unless it is an automatic repurchase pursuant to a credit-linked note resulting from a credit event being called or a repurchase pursuant to the exercise of an early redemption right in accordance with the terms and conditions of those debt securities. The repurchase of debt securities exclude market making activities where the issuer provides liquidity or serves as an intermediary to facilitate transactions between buyers and sellers of debt securities (“market making activities”).

Notification of decision to repurchase

6.40 Where an issuer intends to make an offer, which is to be open to all holders of debt securities in respect of all or part of their holdings, to repurchase any of its debt securities, it must:

- (a) release announcements on SENS in accordance with the timetable set out in paragraph 3 of Schedule 4, Form A5. The offer period announced must be open for at least 15 business days;
- (b) while the offer is being actively considered, ensure that no dealings in the relevant debt securities are carried out by or on behalf of the issuer or another member of its group, associate or subsidiary, until the proposal has either been submitted to the JSE or abandoned; and
- (c) notify the JSE of its decision to proceed with the offer to repurchase.

Announcement of repurchases

6.41 Any repurchases (excluding market making activities as defined in paragraph 6.39) of the issuer’s debt securities must be announced on SENS when an aggregate of 10% of the initial nominal value of the relevant debt securities has been purchased during a financial year and for each subsequent 10% in aggregate of the initial nominal value of that debt securities during the remainder of the financial year. Such announcement must be made as soon as possible and, in any event, by not later than 08h30 on the business day following the day on which the relevant threshold is reached or exceeded. The announcement must state (i) the highest and lowest prices paid for the repurchased debt securities, (ii) the number of debt securities purchased since the most recent announcement, (iii) the nominal value of the class of debt securities that remain outstanding, and (iv) whether and when the debt securities repurchased are to be cancelled, and the listing removed, if applicable.

Directors, company secretary and debt officer

6.42 An issuer, through its debt sponsor or designated person, must notify the JSE of any change, including the reason for the change, to the board of directors, the company secretary or debt officer including:

- (a) the appointment of a new director (including the director’s capacity in terms of paragraph 7.3(c)), company secretary or debt officer;

- (c) changes to any important functions or executive responsibilities of a director, including change of board committees;

and such changes must be announced on SENS without delay and no later than by the end of the business day following the decision or receipt of notice detailing the change. Such changes, including the reason for the changes, must be announced as soon as practically possible and also included in the issuer’s publication of interim

report or annual financial statements. Where a director retires and is re-appointed at an annual or other general meeting, no notification is required as this does not result in a change to the board of directors. In respect of the appointment of a director, the announcement must contain a positive statement that the appointment was made pursuant to the policy dealing with the nomination of directors of the issuer.

- 6.43 The notifications required by paragraph 6.42 must state the effective date of (i) the resignation, removal, retirement or death and (ii) appointment. If the effective date is not yet known or has not yet been determined, the notification should state this fact and the issuer must notify the JSE once the effective date has been determined.
- 6.44 Any director and/or debt officer who is aware of any change in the statements contained in paragraphs 4.17(b)(ii) – (xii) is required to disclose such information to the issuer without delay and, in any event, by no later than three business days after becoming aware of such change. Any amendments to the statements contained in paragraphs 4.17(b)(ii) – (xii) must be (i) notified to the JSE in writing and (ii) announced by the issuer through SENS, within one business day after it has been received from the director and/or debt officer.

- 6.45 An issuer, via its debt sponsor or designated person, must announce the following information on SENS:
- (a) details of all transactions (including off market transactions), as detailed in paragraph 6.46, in securities relating to the issuer by or on behalf of:
 - (i) a director and company secretary (held beneficially, whether directly or indirectly) of the issuer;

6.47 Directors are required to disclose to the issuer all information that the issuer needs in order to comply with paragraph 6.45. The issuer shall also advise each of its directors of their obligations to disclose to it all information that the issuer needs in order to comply with paragraph 6.45. Any director who deals in securities relating to the issuer is required to disclose the information required by paragraph 6.45 to the issuer without delay and, in any event, by no later than three business days after dealing. The issuer must in turn announce on SENS such information without delay and, in any event, by no later than one business day after receipt of such information from the director concerned.

Clearance to deal

6.48 A director may not deal in any securities relating to the issuer without first advising the chairman (or one or more other appropriate directors designated for this purpose) in advance and receiving clearance from the chairman or other designated director. In his own case, the chairman, or other designated director, must advise the board of directors in advance, or advise another designated director, and receive clearance from the board of directors or designated director, as appropriate. The JSE may waive this requirement in situations where the director has no discretion in the transaction. The JSE must be consulted for a ruling in these cases and if a waiver is granted the announcement must clearly explain the reasons why the director had no discretion to deal.

Circumstances for refusal

6.49 A director must not be given clearance (as required by paragraph 6.48) to deal in any securities relating to the issuer during a prohibited period. A “**prohibited period**” means

- (a) a closed period;
- (b) any period when there exists any matter which constitutes price sensitive information in relation to the issuer’s securities (whether or not the director has knowledge of such matter).

6.50 A written record must be maintained by the issuer of the receipt of any advice received from a director pursuant to paragraph 6.48 and of any clearance given. Written confirmation from the issuer that such advice and clearance, if any, have been recorded must be given to the director concerned.

Dealing in prohibited periods

6.51 A director may not deal in any securities relating to the issuer:

- (a) during a closed period; and
- (b) at any time when he is in possession of price sensitive information in relation to those securities or otherwise where clearance to deal is not given in terms of paragraph 6.48.

- 6.52 The JSE may waive compliance with paragraph 6.51 in situations where the director has no discretion in the transaction. The JSE must be consulted for a ruling in these cases and if a waiver is granted the announcement must clearly explain the reasons why the director had no discretion to deal.

Dealings by associates of directors and investment managers

- 6.53 A director must advise the following parties of the name(s) of the issuer(s) of which he is a director:

- 6.56 Paragraphs 6.45 to 6.55 do not override the provisions of the FMA and should not be construed as additional defences or exclusions from having to comply with the FMA. Issuers may impose more rigorous restrictions upon dealings by directors if they so wish or if it is appropriate in certain circumstances.

Requirements for a meeting or written resolution of holders of debt securities

- 6.57 A meeting of holders of debt securities must:

Liquidity provider

- 6.131 The issuer must appoint a market maker or an agent subject to meeting the requirements below. The issuer must confirm to the JSE that the necessary procedures are in place to ensure that the market maker or agent will only provide liquidity in the market based on information available in the public domain to comply with the provisions of the FMA.

(a) Appointment of a market maker as principal

The market maker must be appointed pursuant to paragraphs 6.111 – 6.113. The market maker must be independent from the AMETF and the iNAV provider. If the market maker is not independent from the AMETF, the JSE will have regard to the criteria set out in paragraph 6.132 in considering whether to allow the market maker to act as such for the issuer. If the market maker is not in a position to provide liquidity based on the iNAV only, the issuer must publish on the issuer's website the fund composition file on a daily basis.

(b) Appointment of agent

The issuer may only appoint an agent where no fund composition file is published on a daily basis. If an issuer elects to publish the fund composition file on a daily basis, then it must immediately appoint a market maker referred to in (a) above

The JSE will have regard to the following principles in considering whether to allow a market maker to act for an issuer or fund from which it is not deemed to be independent:

- (a) the department or area that is responsible for market making must operate separately from the issuer of the AMETF;

- (b) the department responsible for market making must not have any reporting lines into the department responsible for issuing the AMETF;
- (c) the compliance officer of the organisation must confirm in writing that the two areas are sufficiently independent and separated to ensure that the one is not influenced at all by the other; and

In such instance such debt sponsor must have at least one executive approved as a Debt Approved Executive by the JSE. In this instance the JSE will record whichever executive staff members have qualified for approved executive classification as well as the details of the other debt sponsor staff employed ("employment status"). 3.15 Whenever an approved executive of a debt sponsor resigns and moves employment to another debt sponsor, such person must notify the JSE.

Issues affecting debt sponsor status

3.16 A debt sponsor must inform the JSE within two business days, in writing, if any of its approved executives leave its employment (including the situation where an approved executive is no longer physically present in the debt sponsor's offices and providing advice to applicant issuers), and, if such departure causes the debt sponsor to have less than three approved executives in its employ it will have a period of three months in which to re-satisfy the eligibility criteria detailed in 3.5 above, failing which (unless the JSE provides dispensation in terms of Schedule 3.5(a)(iv)) the debt sponsor's status will be suspended until such criteria are satisfied. The JSE will publish such details of the suspension of debt sponsors.

3.17 A debt sponsor may resign as a sponsor by giving written notice to the JSE and the relevant applicant issuer's on whose behalf it acts.

3.18 If the departure of approved executives results in a debt sponsor no longer meeting the eligibility criteria in 3.5 above, the JSE will suspend the debt sponsor's status, announcing same through SENS, until the debt sponsor re-qualifies in accordance with 3.5.

- 3.19 If at any time the JSE considers that a debt sponsor or approved executive is no longer competent, the JSE may suspend the debt sponsor or approved executive on reasonable notice to the debt sponsor. If the debt sponsor or approved executive is dissatisfied with the JSE's decision in this regard they should notify the JSE in accordance with paragraph 2.11 of Section 2.
- 3.20 Notwithstanding acceptance by the JSE of a debt sponsor's resignation, or withdrawal by the JSE of a debt sponsor's status, the debt sponsor shall continue to be subject to the jurisdiction of the JSE for a period of one year following the resignation or withdrawal of status.
